		<p>Social Distancing</p> <ul style="list-style-type: none"> Social Distancing -Reducing the number of persons in any work area to comply with the 2-metre Public Health Advice https://www.gov.scot/news/social-distancing-enforcement-measures-in-place/ <p>Office Areas</p> <ul style="list-style-type: none"> Review office area layout to separate employees. In addition work schedules including start & finish times/shift patterns, working from home etc. to reduce number of workers on site at any one time One way system in place in Unit J – (IT – to H&S office area) as corridors do not meet the 2meter requirements and face covering to be worn. 	2	2	4	<ul style="list-style-type: none"> Desk sharing is limited where possible, and any shared desks have wipes to clean after or before use (6 in total) Equipment engineering office has been rearranged and screens to implemented to help with face to face protection where/if required. Working side by side or back to back where possible 	AC	16/6	Closed

		<ul style="list-style-type: none"> All cleanroom areas have minimum number employees required to complete work. Masks, gloves and safety glasses must be used in these areas at all times. Handover meetings are limited in numbers according to space and social distance requirements. <p><u>Wearing gloves/masks</u></p> <ul style="list-style-type: none"> Engineers or operators working in close proximity for either essential training purposes or maintenance purposes must wear face covering, safety glasses and disposable gloves whether they are in a work shop, clean room bay, chase or other, at all times. Any tool sharing, machine sharing should be limited, disposable gloves must be used and surfaces wiped down after use Gloves should be disposed of after use as per protocol A review of work schedules including start & finish times/shift patterns, working from home etc. to reduce number of workers on site at any one time has been undertaken Staggered start/finish times are in place to reduce the amount of employee's in busier areas and to prevent queues at entry/exit points at start/finish times Finance employees will use face coverings for training purposes as 2 meter distance cannot be met or when moving around the area. 2 employees max will be in the office at one time during this period. Screen in place 	2	2	4	<ul style="list-style-type: none"> Numbers limited in all office areas Signage in place at entry to all changing areas Employees are reminded on a daily basis of the importance of social distancing both in the workplace and outside of it. Management checks to ensure this is adhered to at all times 				Closed
			2	3	6	<ul style="list-style-type: none"> Employees to be reminded that wearing of gloves is not a substitute for good hand washing. Employees should also be reminded not to touch their face when wearing gloves or if hands are unclean Employees are reminded to remove gloves and dispose of safely 	TS	2/6		Closed
			2	3	6	<ul style="list-style-type: none"> Managers to continue to review Routinely monitored 	AC	9/6		Closed

		<p>Canteen</p> <ul style="list-style-type: none"> • Table and chairs have been removed from the canteen in order to limit numbers. • All shared cutlery removed • No sharing off finger food • Staggered breaks • Remaining chairs and tables placed in order to maintain social distancing. • Cooking/Washing areas marked, signage erected to ensure 2 m distancing is maintained as per government guideline. • All employees have been advised that no personal belongings to be left within the canteen area at anytime. • Sprays for cleaning tables and disposable wipes are in place for when finished • Hand sanitizers are available • Face covering to be worn when not seated 	2	3	6	<ul style="list-style-type: none"> • Area to be checked continually • 			Closed
		<p>Symptoms of Covid-19</p> <ul style="list-style-type: none"> • Should anyone become unwell with a new continuous cough, loss off taste/smell or a high temperature in the workplace they will be sent home advised to call NHS 111 for an assessment or to undertake an online assessment, a test will be arrange if required <ul style="list-style-type: none"> ○ Negative – can return to work ○ Positive – contact tracing used to identify close contacts (stay at home 10 days), guidance will be taken from PHS depending on number of employees infected. <p>https://www.publichealthscotland.scot/</p> <ul style="list-style-type: none"> • Line managers/HR will maintain regular contact with employees during this time. • If advised that an employee , visitor/contractor has 	2	3	6	<ul style="list-style-type: none"> • Employees can be tested to confirm if they have COVID 19 • Regular contact will be maintained by HR/HS or manager. • All support required as far a reasonably practical will be provided. • Internal communication channels and cascading of messages through line 			Closed

		<p>developed Covid-19 and are/were recently on our premises, HR/HS will discuss with management and contact Public Health Scotland to take guidance and identify the people who have come in contact with them or take advise from Test & Protect if contact is made.</p> <ul style="list-style-type: none"> All employees are advised that if they have any symptoms (temp, cough loss of taste/smell), that they must stay at home and contact HR/HS to advise and discuss appropriate action they must take as per government guidelines. HR/HS will maintain a list of employees who have suspected or confirmed symptoms to ensure all actions required as per government guidelines are taken 				managers will be carried out regularly to reassure and support employees in a fast changing situation			
		<p><u>Wellbeing/Mental Health</u></p> <ul style="list-style-type: none"> Mental health/Wellbeing support is available on request , (company help lines or local support where possible, Healthy working lives etc) Various helpline posters have been erected on notice boards Email to all users advising of various helpline numbers has been issued <p>www.clearyourhead.scot</p>	2	3	6	<ul style="list-style-type: none"> HR can provide company help line when requested. Continue wellbeing promotion Line manager to continue to monitor employees 			Ongoing
		<p><u>Incoming/Outbound deliveries</u></p> <ul style="list-style-type: none"> Signage erected advising goods to being delivered/collected to be left in the vestibule at shipping. Hand sanitizers and wipes are available. Hard surface cleaned regularly Wipes and sanitizer available Face coverings to be worn when not seated 	2	3	6	<ul style="list-style-type: none"> Line manager to continue to monitor Gloves issued to be used as required 			Closed
		<p><u>Contractors/Visitors</u></p> <ul style="list-style-type: none"> Only essential visitors are allowed onsite where possible WebEx/Skype etc. should be used. Approval must be gained for any visitor to the site prior to arriving and reception made aware. Anyone who arrives onsite without authorisation will be denied entry. A COVID RA must also be completed and, agreed satisfactory, by the visitor before entry is permitted 	2	3	6	<ul style="list-style-type: none"> Host must ensure protocol is adhered to at all time. Induction to company protocols to be provided Care and planning of any contractors coming onsite to ensure there are limited amounts on site each day in order to maintain social 	AC	25/5	Closed

		<ul style="list-style-type: none"> Contractors must follow the internal protocol when on site Signage on outer doors to remind not to enter the building if any COVID 19 symptoms 				<ul style="list-style-type: none"> distancing 			
		<p><u>Accidents/Emergencies</u></p> <ul style="list-style-type: none"> In an emergency circumstance (fire, accident) 2 meter distance should only be in place if safe to do so Anyone providing assistance in an emergency (first aider) should ensure they adhere to hygiene protocol – wash hands before and after providing assistance. 	2	3	6	<p>First aid process updated and issued to all first aiders. Masks and safety glasses etc. provided in first aid room</p>	AC	2/06	Closed

Likelihood	SEVERITY					Suggested time scales
	1 Insignificant	2 Minor	3 Moderate	4 Major	5 Catastrophic	
1 – Rare	1	2	3	4	5	No additional controls req'd unless they can be implemented at very low cost. No Immediate action req'd. Maintain existing controls
2 - Unlikely	2	4	6	8	10	Consideration should be given to lower the risks, but costs of additional risk reduction measures should be taken into account.
3 - Possible	3	6	9	12	15	Immediate Action req'd. Apply interim controls. Control with method statements
4 - Likely	4	8	12	16	20	Risk Unacceptable. Stop work activity until control measure are put in place.
5 – Almost certain	5	10	15	20	25	

Likelihood: - Take into account the controls already in place and do they minimise the risk, also how likely is it that such an incident could occur? Apply a score according to the scale

Level	Descriptor	Description
5	Almost Certain	Likely to occur on many occasions, a persistent issue
4	Likely	Will probably occur but not a persistent issue
3	Possible	May occur occasionally
2	Unlikely	Do not expect it to happen but it is possible
1	Rare	Unlikely to occur even over a longer time scale

Severity: - Take into account the controls already in place and do they minimise the risk, also how likely is it that such an incident could occur? Apply a score according to the scale

Level	Descriptor	Actual or potential impact on Individual(s)	Actual or Potential impact on Semefab
5	Catastrophic	Death or Permanent damage	HSE Investigation / Litigation expected
4	Major	Permanent injury or illness	RIDDOR reportable / long term sickness. Litigation expected
3	Moderate	Semi-permanent injury or illness e.g. takes 6 – 12 months to resolve	RIDDOR reportable / long term sickness / litigation possible
2	Minor	Short term injury / damage or illness e.g. resolved within a month	Minimal risk / short term sickness / litigation unlikely
1	Insignificant	No injury or adverse outcome	No risk to Semefab / litigation remote
